

Juniper Networks

Engineering notes for ScreenOS special release 5.3.0r10b

Product(s): Juniper Netscreen NS-5XT Firewalls Running ScreenOS
5.3.0r10b

Version: Service Release 5.3.0r10b

Document version: V1
Date: 11-14-2008

Note: This Engineering Note is an addendum to the ScreenOS 5.3.0r10 Release Notes. Additionally, this version of ScreenOS is based on ScreenOS 5.3.0r10. The notes below do not contain all included fixes, known issues and other information available in the mainline release notes. Therefore it should be used as an addendum to the current ScreenOS 5.3.0r10 release notes and previous engineering notes.

1. Addressed issue(s) in Special Engineering release 5.3.0r10b

Bug ID	Description
289249	Addresses security vulnerability as described in PSN-2008-09-009
